Dear Marc,

The 2014 Annual Pinellas Park Police Department's Shop with a Cop event started with the families and children arriving at our Target where they were treated to a delicious meal provided by Da Sesto Italiano Ristorante and Market. The families and children were then paired with police officers and volunteers to shop throughout Target. The children selected clothing, electronics, toys, candy, and some even wanted to share their gift by purchasing a present for another family member. One hundred percent of all funds received went directly to the families and they were also provided with a Publix gift card to have a Christmas dinner.

Thank you so much for your donation and support of our Shop with a Cop event this year. Because of your contribution along with the other contributions received from community partners, we were able to provide nine families and nineteen children with a wonderful Christmas. We strive to make this event bigger and better each year. Your generosity made this event a success.

With gratitude,

The CRA Unit
